Knowledge for Growth Masterkit

Knowledge for Growth is where Europe's human and planetary health leaders stop talking in silos. Medical biotech, medtech, digital health, agtech and industrial biotech come together rooted in Belgium, connected across Europe. Be part of the ecosystem that moves faster, together.

By crossing borders, Knowledge for Growth 2026 will emphasize the importance of collaboration:

Crossing Geographical borders Fostering international partnerships and positioning Flanders and Belgium as a hub in the global innovation ecosystem.	Crossing Disciplinary borders Connecting medical biotech, medtech, digital health, agtech, industrial biotech and beyond to drive transformative solutions.
